Baby Bucks!

What exactly are baby bucks?

Baby bucks are dollars you print out and use to “reward” the pregant or teen mom. They can be given out for showing up for a class, going to a pre-natal appointment, playing with their baby, etc. You know where the young mom needs to grow.

Teen moms can cash in the baby bucks for supplies that have been donated to your center. It could be a box of diapers or a chance to raid your closet of “gently used” baby items. Young moms can even redeem the baby bucks for gift certificates such as a “good for one hour of baby care”, or a gift certificate at a favorite department store.
